HOLINESS CHURCH

Greetings in the name of our Lord Jesus Christ!

It is our honor to introduce this Nomination Book as we prepare for the upcoming General Conference. This book is designed to guide you through the nomination and election process, ensuring that every credentialed minister and church has the opportunity to participate in shaping the future leadership of the Congregational Holiness Church.

### **The Nomination Process**

The nomination process has been carefully structured to be transparent, fair, and efficient. This year, the General Committee approved additional steps to enhance the process. The General Office has provided all necessary materials, including a list of positions up for election, qualification requirements, and instructions on how to submit nominations. Each credentialed minister and CH church should review these materials carefully.

We are pleased to share that this year's nomination and vetting process was a great success, with valuable feedback and lessons learned that will help improve future processes. Thank you to everyone who participated and contributed to making this a smooth and effective experience.

### **How to Use This Book**

This booklet contains information on all qualified nominees, including their ministerial qualifications, family details, and a photograph. Use this book to learn about the nominees, pray over them, and seek God's guidance for the future of our denomination. Remember, **YOU** have a voice in this process, and together, we can ensure a bright future for the CHC.

As we come together to elect our future leaders, let us remember that our unity and shared mission make us stronger. ***We Are Better Together!***
